**CARATTERISTICHE TECNICHE GENERALI DEL MODELLO**  
**MODEL GENERAL TECHNICAL SPECIFICATIONS**

**MATERIALI**  
**MATERIALS**

**ANTA**

Il profilo è caratterizzato dal battente esterno, dalla cornice a scalini interna al telaio; la bugna con leggero rilievo mette in risalto la profondità della cornice.

Il contrasto del profilo a scalini si esalta con l'applicazione della decorazione in argento o oro

**DOOR**

The profile is defined by the outdoor foulding and the stair shaped cornice placed internally; the central panel in relief shows up the cornice depth.

The contrast of the stepped profile is exalted with the application of decoration in gold and silver

**ANTA VETRO**

Il vetro è del tipo gothic antico trasparente e temperato, è disponibile la versione [Gothic decor](#) decorato a mano con effetto trasparente misto argento e oro.

**GLASS DOOR**

Tempered and transparent ancient Gothic glass; there is the Gothic decor version where the glass is hand-made decorated with gold/silver transparent effect.

**STRUTTURA - "CASSA"**

Melaminico idrorepellente V 70 spessore 18 mm. Conforme alla norma CEE classe E1 a bassa emissione di formaldeide.

**STUCTIONE - CARCASE**

18 mm thick v 70 water resistant melamine. Formaldehyde emission in accordance with e1 class.

**Canaletto**  
Canaletto

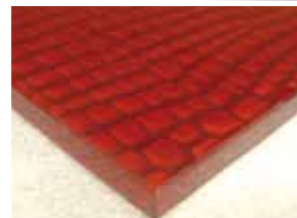

**SCRIVANIE, MOBILI A GIORNO, ELEMENTI SPECIALI**

**DESKS, OPEN ELEMENTS, SPECIAL ELEMENTS**
